

October is
Dyslexia
Awareness Month

Dyslexia: an unexpected difficulty in learning to read—the same person who struggles to read quickly often has very high intelligence.

Are You An Out-of-the-Box Thinker? A Slow Reader?

You May Be Dyslexic If You...

- Read slowly and with much effort
- Are often the one to solve the problem
- Can't spell; have messy handwriting
- Your writing or story telling shows terrific imagination
- Have trouble remembering dates and names
- Think out-of-the box, grasp the big picture
- Have difficulty retrieving and pronouncing spoken words
- Have excellent vocabulary and ideas
